United States Court of Appeals for the Federal Circuit

IN RE: UNSEALING OF COURT CASE RECORDS

2022-160

In consideration of unsealing court case records pursuant to Federal Circuit Rule 25.1(a)(1).

SUA SPONTE

PER CURIAM.

O R D E R

The court is in the process of accessioning its remaining paper case records to the National Archives and Records Administration for permanent retention. These records pre-date the court's transition to its electronic case management filing system in 2012 and once transferred to the National Archives will remain in only paper format and will not be made available online. Pursuant to Federal Circuit Rule 25.1(a)(1), “[a]fter five years following the end of all proceedings in this court, the court may direct the parties to show cause why confidential filings (except those protected by statute) should not be unsealed and made available to the public.” Through the review of these records, the court has identified several cases containing

confidential filings that remain under seal more than five years following the end of all proceedings.

IT IS ORDERED THAT:

- (1) Within sixty (60) days from the date of this order, parties to the identified cases in the Addendum to this order are directed as follows to show cause why any confidential material in those cases should not be unsealed:
 - (a) Responses may be filed by the party directly, by counsel, or by any individual or entity claiming to be affected by the unsealing of any material.
 - (b) Each response must identify the above-captioned case number and the case number to which the response pertains. Each separate case or set of consolidated cases should receive a separate response. Each response must identify the filer as well as the filer's interest if the filer is not a party to the case.
 - (c) Filers may submit responses under seal without leave of the court. Responses do not need to comply with Federal Circuit Rules 25.1(d)-(e), except that any confidential markings must be clearly identified through bracketing or highlighting. Filers should still strive to limit inclusion of confidential markings and avoid filing under seal unless absolutely necessary.
 - (d) Counsel admitted to the court's bar must file responses to this order through the court's electronic filing system under this case number (2022-160). Other filers may submit electronically, if registered, or otherwise file in paper, either by mail or deposited into the court's night box located in the garage entrance to the National Courts Building on H St NW. Mailed responses may be sent to the following address:

US Court of Appeals for the Federal Circuit
Attn: Clerk's Office, Records Retention
717 Madison Place NW
Washington, DC 20439

(2) Failure to file a timely response will result in the automatic unsealing of all records in the case fourteen (14) days after the expiration of the period to show cause ends, without further order from the court.

(3) The Clerk of Court is directed to provide public notice of this order, including electronic notification to all members of the bar and mail notification in any cases involving an unrepresented party.
